

## A Rising Tide Lifts All Boats.

Animas High School has so much to be excited about this year! Having just returned from the 16th Annual Colorado Charter School Conference in Denver, I am happy to report that AHS's reputation and our students' success is already the talk of the state. It was an honor to speak to participants at the conference, sharing with them the challenges and triumphs we've experienced while making the dream of Animas High a reality. I was able to network with colleagues from across the state and meet with key legislators and policy makers concerning cuts to CO's 2010 School Finance Act. I pressed lawmakers for firm answers and solicited their continued support for Colorado's schools of choice movement.

Our innovative program and the elements of a 21st Century education have not only influenced education at the state level, but the impact of Animas High School can be felt locally as well. It's tremendous that local students now have multiple program options for high school in southwest Colorado. It's also amazing how AHS methodologies and our value language has pollinated the instructional strategies and recruitment messages coming out of our local comprehensive secondary programs. Knowing all 8th graders now have the opportunity to shadow for a day at local high schools and that parents and their students are talking about educational choice around the family dinner table is exhilarating. Witnessing the application of project based learning and the sponsoring of events like exhibitions and student led conferences in more traditional, large school environments is firm evidence of Animas High's impact.

Jeanne Allen, President of the US Center for Education Reform offers this perspective on schools of choice "Charters have been like pebbles, causing ripples in their wake leading public schools and local districts to alter their behavior or improve their offerings." When reflecting upon all the changes that continue to shape the educational landscape of Durango, I'm reminded of that age old truism, a rising tide lifts all boats. Animas High School looks forward to continued success and more opportunities to work in a collaborative manner with local districts to increase the quality of educational options in our region! Together, we'll rise up on this tide of change as we continue to accomplish amazing things!

***AHS Head of School, Michael Ackerman***

**EAST BY SOUTHWEST  
OPENS NEW RESTURANT  
WITH  
ANIMAS HIGH SCHOOL  
FUNDRAISER!**

Preview Durango's newest Southeast Asian restaurant, **The Golden Triangle** - brought to you by the owners of East by Southwest, Sergio and Hydi Verduzco on **Tuesday, March 9th, 2010.**

The Verduzcoc will generously donate all proceeds from the evening to Animas High School. Be among the first to try Durango's new delicacies while supporting AHS' Culture of Excellence!

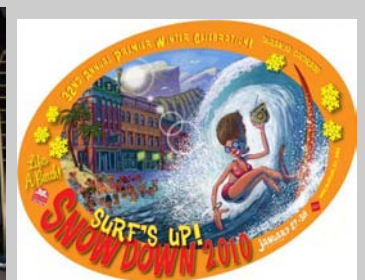

For only \$30, dine on a sampling of food choices from the exciting new menu. **Reserve your spot for one of three separate seatings at 5:00, 7:00, and 9:00 p.m on March 9th,** by calling **799-1846** or email [totaltaylor@yahoo.com](mailto:totaltaylor@yahoo.com)

# 2010 Snowdown Parade

## A Huge Success for Students!

Thanks to everyone who lent a hand and participated in this year's Snowdown Light Parade with Animas High School. Our 60 foot float and a collection of almost thirty students, faculty and AHS families had a grand time dancing to Beach Boy tunes, handing out candy to the crowd and participating in Friday evening's festivities. A special thank you to Julie Harrison for heading up this year's efforts....We couldn't have pulled off such a fantastic experience without Julie's leadership, bottomless positivity and her spacious home garage! We also want to acknowledge Missy Grigsby, Judy Wallace, Clayton Harrison, Anu Gillespie, Jim and Jenifer Nelson, Lisa and Joe Tauli and Andrea Fitzpatrick for their donations of time and resources related to this year's parade efforts. It was truly remarkable to see our students really run with this project and log many extra hours prepping and building our float after school and on the weekends. This marked the second year in a row that AHS has participated in the light parade and we look forward to a monstrous good time next year!

# 2010-2011 Program Overview

The word is out and an electric buzz is in the air about Animas High School. With all the recent talk about enrollment and recruitment for next year's incoming 9<sup>th</sup> graders, it's important to take a second and focus the spotlight on next year's 10<sup>th</sup> grade program. We have been honored to have such an amazing first class here at Animas High and this year's freshman have been the catalyst for some inspirational changes. There are so many amazing refinements and new opportunities unfolding here at AHS that I wanted to take a moment to provide our community with a brief overview of future developments. Discussing everything here in this newsletter would prove exhaustive so I've identified some key areas to update our community on below:

## Facilities

Animas High School has signed a new lease and launched expansion efforts at our facilities at 3206 Main Ave. The high school is increasing its overall space to just under 15,000 square feet (we currently occupy 9800 sq. ft.). AHS has begun planning the conversion and remodel of the former restaurant space at the southern end of our building. The acquisition of this additional 4,900 square feet allows our school to provide students with a new cafeteria/large group meeting space, a new 10<sup>th</sup> grade biology lab, 3 new core classrooms, additional teacher offices, storage, workshop and advisory meeting space. We will continue to enjoy the benefits of our in town location and the generosity and support of our most amazing landlord, Dan Hopper. Work on the expansion is currently underway as school representatives participate in permitting meetings, collaborate with architects, seek approval from local and state officials and request bids from subcontractors for the actual remodel and construction work. There is much to be done to ready the space for next August but we are confident in our plan and the project timeline. **There are ample opportunities to get involved now! If you are interested in volunteering your time and expertise in any or all facets of this project, please contact me directly at [michael@animashighschool.com](mailto:michael@animashighschool.com)**

*At Left: Animas High School 9th Grader Leah S. shows off her freshly painted palms. In collaboration with AHS Building Curator / Digital Media Teacher Roxanne McKnight, students have created a "Legacy Hall" Each incoming 9th grade class will have the opportunity to permanently leave their mark on AHS! Students applied individual handprints to the hall and decorated their prints with text and reflections related to their experience at Animas. The goal is to have a hallway where the walls tell the history of our school and the students who have shaped the AHS program. Ms. McKnight and student artists are planning a large Habits of Heart and Mind Mural that will anchor this exhibit in the southern stairwell. Make sure to check in on their progress the next time you're at school!*

## New Elective Programs

The students have spoken and the results are in. We have noticed a significant rise in interest and commitment to AHS's SIG and X-block electives. Students now realize that their suggestions and ideas actually translate into classed here at school! We have had remarkable success with SIGs like Science of the Shred, Economics and Improv I & II this semester. Likewise, X-Blocks like Football, Scuba and Dance have all been big winners here Semester Two. Next year, look for AHS to expand its SIG and X-Block offerings to include more student designed electives. New SIGs like Music Composition, Rock Band, Animation and Robotics are ready to go. Weightlifting, Cross Training, Martial Arts, Mountain Biking and Water Based Adventure Education are just some of the new X-Blocks that will be added to our already popular line-up of fitness based electives. We are excited to use both faculty expertise and community resources to offer our students a most impressive line-up of electives in the 2010-11 school year.

# 2010-2011 School Calendar

### Important First Semester Dates:

SLCs— Wednesday, Oct. 20th  
 POLs— Wed-Fri, Dec. 15th -17th  
 Exhibition— TBA

### Important Second Semester Dates:

SLCs— Wednesday, March 30th  
 POLs— Mon-Wed., May 23-25  
 Exhibition— Thursday, May 5th

### Important Dates:

- Aug. 2- 6 New Staff Orientation
- Aug. 16-20 All Staff Orientation
- Aug. 23 First Day of School
- Aug. 23-27 Student Orientation
- Aug. 30 Semester One Begins
- Sept 6 Labor Day
- October 11 Columbus Day
- October 29 Faculty Development
- Nov. 22-26 Thanksgiving Break
- Dec. 17 End of Semester One
- Dec. 20-31 Winter Break
- Jan. 3 Second Semester Begins
- Jan. 17 Martin Luther King Day
- Feb 14 Presidents Day
- Feb 28-Mar 4 Project Week
- Mar 7-11 Spring Break
- March 14-18 CASP Testing
- April 22 Faculty Development
- May 25 End of Semester Two
- May 26 Last Day of School
- May 27 Teacher Wrap Up

## Schedule and Curriculum

We have experienced tremendous success in importing the High Tech High model to Durango. Our faculty and vision committee have spent a large amount of time crafting our class schedule and college prep curriculum. Below is the intended 9th and 10th grade schedules for 2010-2011 school year:

### **Animas High School 9th Grade Schedule**

| Time/Team   | AI          | AII         | BI          | BII         |
|-------------|-------------|-------------|-------------|-------------|
| 8:15-9:15   | Exp         | Exp         | Math/Sci    | Humanities  |
| 9:20-10:25  | Math/Sci    | Humanities  | Math/Sci    | Humanities  |
| 10:30-11:30 | Math/Sci    | Humanities  | Exp         | Exp         |
| 11:30-12:10 | Lunch       | Lunch       | Lunch       | Lunch       |
| 12:15-1:15  | Humanities  | Math/Sci    | Humanities  | Math/Sci    |
| 1:20-2:25   | Humanities  | Math/Sci    | Humanities  | Math/Sci    |
| 2:30-3:15   | SIGS/XBLOCS | SIGS/XBLOCS | SIGS/XBLOCS | SIGS/XBLOCS |

### **Animas High School 10th Grade Schedule**

| Time/Team   | CI          | CII         | DI          | DII         |
|-------------|-------------|-------------|-------------|-------------|
| 8:15-9:15   | M1 M2 M3    |             | Biology     | Humanities  |
| 9:20-10:25  | Exp         | Humanities  | Exp         | Humanities  |
| 10:30-11:30 | Biology     | Humanities  | M1 M2 M3    |             |
| 11:30-12:10 | Lunch       | Lunch       | Lunch       | Lunch       |
| 12:15-1:15  | Humanities  | Biology     | Humanities  | Exp         |
| 1:20-2:25   | Humanities  | Exp         | Humanities  | Biology     |
| 2:30-3:15   | SIGS/XBLOCS | SIGS/XBLOCS | SIGS/XBLOCS | SIGS/XBLOCS |

*Whether it's through individual pursuits, small group work or explored through all-school presentations, the application of 21st Century Skills are practiced throughout the AHS curriculum.*

## Academic Program and Schedule Specifics

- This schedule is designed to complement the current 10-day Mountain/River class cycle. This schedule is also designed to seamlessly mesh with our current 9<sup>th</sup> grade schedule and curriculum plan.
- 9th graders are on Teams A and B, 10<sup>th</sup> graders will be on Teams C and D
- We feel that our current 9<sup>th</sup> grade students are performing and consuming content at such a rapid pace that we are ready to challenge them with a class/curriculum schedule that looks more like HTH's junior year line-up. Our students are demonstrating competence at every level and there's no reason not to raise the bar on our overall 9th and 10<sup>th</sup> grade expectations next year.
- Related to our students' amazing performances, we have aggregated Math/Science for 10<sup>th</sup> graders at AHS next year. Despite having two separate Math and Science class times, we are confident year two's projects and classroom instruction will be integrated across all content areas.
- For Science, all tenth graders will take Biology and we are constructing a brand new laboratory to support them in their studies. We are looking forward to microscopic explorations, complex dissections and a dynamic classroom and laboratory environment that will stimulate and challenge our science students.
- In Math, AHS will offer a wide variety of differentiated math classes that are sequenced with student growth in mind. We've designed our schedule so that students can move within our math classes based upon their level of competence and rate of new skills development. Animas High School's mathematics program will offer a wide array of options in 2010-2011 including: Pre-Algebra, Algebra 1, Algebra 2, Trig and Functions and Pre-Calculus. The manifestation of this line-up is a direct result of student/parent feedback, a clear understanding of our current students' abilities and anticipated competence amongst future incoming classes.
- Our rigorous and substantive mathematics program will be facilitated by a team of five math teaching professionals. Math Specialists are teachers who not only support core teachers with math instruction in the classroom, but Specialists also teach their own specific math classes. These increased offerings and faculty resources should motivate even the most reluctant of students to become excited for their studies next year!
- EXP stands for our exploratory classes. Spanish and Digital Media are AHS's Exploratory classes.
- Advisory will continue to be held every Tuesday after lunch. All FT staff serve as student advisors.

## Staffing

Animas High School has announced vacancies for the following staff positions; 9<sup>th</sup> Grade Math/Science, 9<sup>th</sup> Grade Humanities, 10<sup>th</sup> Grade Math Specialists, an Office Manager, a Dean of Students and starting in January, a College Counselor and Internship Coordinator. Top candidates will be vetted by administration, staff and students at Bonanza events this spring. Bonanza is an opportunity for promising candidates to come to Animas High and facilitate a sample lesson for our community. Candidates will be interviewed by current staff and AHS student ambassadors. The Head of School will solicit feedback from all involved and make a final decision on employment offers. AHS anticipates hundreds of applications from across the country for these openings. We are confident that staffing efforts for next year will produce another terrific team of committed and inspirational faculty. Animas High School will introduce our staffing line-up this summer and will provide opportunities for parents and students to meet with staff as part of Teacher orientation next August.

# 2010-2011 Program Overview

2010-11

## Anticipated Staff Roster for AHS

One Head of School  
One Dean of Students  
One Coord. of Exceptional Student Services  
One College Counselor  
One Internship Coordinator  
One Office Manager/Registrar  
Two 9<sup>th</sup> Grade Math/Science Teachers  
Two 9<sup>th</sup> Grade Humanities Teachers  
One Tenth Grade Biology Teacher  
Two 10<sup>th</sup> Grade Humanities Teachers  
Three Math Specialists  
One Digital Media/Art Teacher  
One Spanish Teacher  
Multiple SIG/X-BLOCK Instructors

*Through their tireless commitment to our students and their unique ability to deliver a rigorous, engaging and relevant curriculum, the faculty at Animas High School are central to our students' success!*

These are just some of the exciting developments on the horizon for Animas High School students next year. PLEASE, catch me the next time you are on campus and we can talk more about all the neat things unfolding for our students at AHS next year! Also, look for more updates throughout semester two and this summer as we strive to make AHS the best high school in Southwest Colorado!

## STUDENT BRIDGES FALLING DOWN....

**DON'T MISS ANOTHER STUDENT EXHIBITION \* MARCH 3, 2010 \* 5:00 TO 7:30 @ AHS**

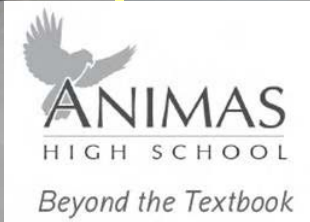

*At Left: New Foreign Language Teacher Ruben Balaguer instructs students by leading them through a Spanish song crafted from weekly vocabulary words. By signing together, the students experience a unique way to practice and solidify new language skills.*

## AHS Welcomes New Staff!

Animas High School is excited to announce the addition of Ruben Balaguer as our new Spanish Teacher. Ruben is an experienced educator who most recently taught middle and high school foreign language students in Chicago. In addition to his language skills, Ruben also works as a professional entertainer proving an accomplished musician, clown and puppeteer. Ruben's easy going and approachable manner coupled with his commitment to facilitating a rigorous and relevant foreign language program promise to yield great results with AHS students.

Taking over the leadership of Animas High School's Digital Editing and Filmmaking Programs is professional movie maker and producer Tony Corona. Tony's decades of experience producing video for television and movie projects made him the ideal choice to continue to build AHS's Digital Editing and Movie Making programs. Students continue their work on semester two documentaries during Mon and Thurs. class time and independently outside of school. We look forward to seeing all the exciting learning and student presentations that are sure to result from both of these excellent teachers' classes.

**Left:** Hannah Q, JT and Kinjah measure take-offs and landings. **Above:** Stephen D uses a slope meter to measure angles on the hill.

**Science of the Shred** participants have been laying out a number of jumps and elements at the Chapman Hill Ski Area. Students are building a number of features as part of their SIG which explores the physics and science involved with the sports of skiing and snowboarding. With help from local businesses, "Shred" students have begun the design and construction of some new rails for an in-town terrain park. SIGs or Student Interest Groups meet every Monday and Thursday.

# Focus on Development

From weekly in-house staff trainings to off-site travel for professional development opportunities, Animas High School stands committed to the growth and professional advancement of our staff. This year, faculty have trained in a variety of areas with trips to the Denver School of Science and Technology and High Tech High in San Diego for first hand observations of and experiences in the HTH model. Another set of teachers is due to make the pilgrimage to California over Spring Break and visit all of the HTH High School Campuses.

Recently, Director of Student Services Jake Lauer attended the 2010 Winter Residency Program at High Tech High Media Arts. Below is a terrific reflection that Jake drafted upon his return from San Diego. As Jake so eloquently highlights is that when we stop and reflect upon all we have accomplished thus far, it is easy and exciting to see Animas High School has and continues to be amazingly successful!

**Dear AHS Community,**

I have just returned from a three day visit to the High Tech High campus in San Diego. Although I have only had a few days to process all of the amazing things I saw and experienced there, I want to share some of my immediate reflections with all of you.

First, High Tech High has created a successful, inspiring and groundbreaking model for 21st century education. That was obvious while I watched students and faculty intimately engaged in a thriving learning community. I observed both teenagers and adults approaching their work with excitement and a deep sense of purpose. Importantly, these were students and faculty/staff from widely-ranging backgrounds ethnically, socio-economically, and so on. High Tech High is truly a place where every person, regardless of perceived ability, is challenged to do their best.

Second, we are successfully implementing the High Tech High model here in Durango. Our students are performing at a very high level; they have already pulled off an Exhibition, Presentations of Learning, Student-Led Conferences and a handful of complex projects. Our students are clearly engaged, challenged and motivated to take responsibility for their educations. I returned to Durango feeling overwhelming pride and awe for the young people who have already made Animas High School a resounding success.

Further, I feel humbled to be part of a staff that I believe is as talented, dedicated and driven as those I observed in San Diego. We are extremely fortunate that Lori and John Fisher are here. They left an indelible mark at High Tech High and they have developed a strong Humanities department for Animas High School. In addition to the Fishers, our Head of School Michael Ackerman has created a team of individuals who have quickly consumed the model and are replicating it at a high level. With this group there is no limit on the success we can have.

Third, while High Tech High has provided us a great place to start, it is our task to build on that model and make Animas High School the best school in the West. San Diego does not have all of the answers for 21st Century education; no one has all of the answers. Our school will be best if we work together to make AHS fit our students' and communities' unique needs, abilities and interests. Thanks to everyone who has worked tirelessly to make AHS a reality, we have a golden opportunity to create our own model for success.

As I walked around the High Tech High campus, I thought to myself: I hope in ten years people from around the world are coming to Animas High School to observe and report on our groundbreaking achievements. Let's make that happen together.

*AHS Director of Student Services, Jake Lauer*
